KANSAS CITY AREA SAFETY NET CLINICS

Kansas City's "safety net" clinic system is extensive, but also complex to navigate largely because of being situated midway between two states, and because of the breadth and depth of services in so many different locations.

KC Health Resource (www.kchealthresource.org) - one-stop shopping for safety net clinics. Includes robust search features, a map of all clinics, public health agencies, programs for children, free help hotlines, prescription assistance, clinics listed by the services they offer, etc.

KANSAS

- Kansas Public Health Agencies
 - **Wyandotte** — 913-573-8855. Free/sliding scale.
 - **Johnson** — walk-in services include immunizations, TB tests, college/employment physicals, RPR for immigration, STD and HIV testing. All fees are listed on www.jocogov.org under the "Health" and then "Walk-in Services" and then "Fees" link.
 - **Leavenworth** and **Miami** county info available on www.kchealthresource.org
- Medical (there are others, but here are the main ones for quick reference):
 - **JayDoc Free Clinic** — 913-735-3447 (www.iaydocfreeclinic.org). Only open Mondays and Wednesdays at 5PM. Non-emergency urgent care, diabetes, eye exams and referrals, gynecology screening, prenatal, dental, Rx's, labs, STD tests and tx, specialty care and imaging referrals, free HIV screening and counseling, behavioral health.
- **Health Partnership Clinic** — 913-648-2266 (all locations use same phone) (www.hpcjc.org) — four locations in Olathe, Shawnee Mission, Paola and Ottawa. Extensive medical and women's health also referrals to other dental and medical services. Behavioral health consultants (not psychotherapy)

- **KC CARE Clinic** — 816-753-5144 (www.kccareclinic.org) patients from KS are welcome to come here and this is where we provide chiropractic care, too. VERY large clinic with tons of services, however referrals are a little tougher for KS residents

- **KC CARE Clinic** - 816-753-5144 (www.kccareclinic.org) patients from K5 are welcome to come here and this is where we provide chiropractic care, too. VERY large clinic with tons of services, however referrals are a little tougher for KS residents. We can refer to various KC hospitals for Jackson County residents so most specialists are available that way. Dental, mental health services, HIV testing and treatment, needle exchange, prescription assistance, immunizations, you name it. One of the country's largest health centers of this type.
- **Swope Health** — (www.5swopehealth.org) large fee-based provider with dental emergency, after-hours, regular medical and behavioral health services. Locations in KCMO, Belton, Northland, Independence, Leavenworth, Wyandotte. I believe they have a flat fee to be seen and then additional fees after that but I am not 100% sure. Each location has different phone #'s for different services, so consult their website for more.
